AKILLIS

JOAILLERIE PARIS

BACK TO THE 80'S

THIS SUMMER, TAKE YOUR CHANCES. WITH THE ARRIVAL OF THE OLYMPICS IN PARIS, AKILLIS DIVES INTO A WORLD WHERE “GYM TONIC” AND AEROBICS BECOME THE EVENTS FOR THE GREATEST ATHLETES.

We're heading back to the '80s, with a colorful, offbeat, yet sensual pop atmosphere.

The challenge: to associate sports with iconic jewelry pieces that come to life during an intense workout session.

The Akillis man and woman embody boldness and modernity, blending elegance and dynamism. The jewelry itself expresses a unique style, thanks to the perfect balance between traditional craftsmanship and cutting-edge technology. Each piece worn is then enlivened by the adrenaline of the sporting challenge.

Yellow, Rose, White Gold, and Titanium vibrate to the rhythm of sports. Diamonds, for their part, rival the brilliance of bodies glistening after an intense session.

A retro summer that plays the fun card for a remake of the movie “Perfect” according to Akillis.
