RENDEZ-VOUS HADRIEN DAVID

The French jeweler invites you to discover its #RendezVous: Caroline Gaspard, founder and designer of Akillis, greets friends of the brand to share her passions for challenge, adrenaline, and self-surpassing. For this third Rendez-Vous, she exposes her love for automobiles. Here, she meets with Alpine test driver and Monaco Formula 3 Grand Prix winner: Hadrien David. For the driver, it's above all a family story. He discovered Akillis' iconic collections through his father, starting with the Bang Bang collection.

DETERMINED AND PASSIONATE, HE HAS EMBRACED THESE COLLECTIONS THAT, FOR HIM, ARE MORE THAN JUST JEWELRY—THEY ARE AN EXPRESSION OF A PERSONALITY SHAPED BY ADRENALINE.

RENDEZ-VOUS HADRIEN DAVID

Caroline Gaspard draws much of her creative imagination from the curves and aerodynamics of cars. Sleek lines are, for her, a true source of inspiration.

Self-surpassing and a desire to push innovation to its limits, much like a driver, Caroline aims to go all the way and go beyond boundaries. Always in pursuit of new materials, she has succeeded in merging the tradition of French jewelry craftsmanship with new technologies.

FOR HADRIEN DAVID, AKILLIS IS A TRUE EMBODIMENT OF QUEST FOR EXCELLENCE, A VALUE HE DEEPLY CHERISHES. WHAT STANDS OUT TO HIM IN AKILLIS IS THE DESIGN! BEYOND JEWELRY, AKILLIS IS TRUE HOMAGE TO UNIVERSAL AND UNISEX BEAUTY.

Men, women, young, and less young alike all take part in this Akillis addiction.
